

What Materials would Stick Man see around our school?

St Julie Catholic Primary School - Science

Topic: Everyday materials

Year: 1

Strand: Chemistry

What should I already know?

I should remember our visit to 'Build a Bear' when we made a class teddy out of different materials.

I should remember using a feely bag to describe mystery objects using my sense of touch.

Sticky knowledge

I know that objects can be made from different materials.

I know the names of some everyday materials, such as wood, plastic, glass, metal, fabric and water.

I know that different materials have different properties, such as hard, soft, rough, smooth, stiff, bendy, stretchy, waterproof, transparent.

float

sink

wood

plastic

metal

stretch

bend

Vocabulary

Senses	Sight and touch help us to learn about the world around us.
Object	A thing we can see or touch.
Material	What things are made out of.

soft

hard
